tage of the fact that outside orders falled to come in, and they sold the little that was necessary to turn the market that was necessary to turn the market hack to last night's figure and dulness, 90 for the rest of the day the market work of in very narrow channels, and ruled featureies until near the close, when the sport of covering carried prices rapidly up, with the market finally steady 3 to 4 points higher. There was plenty of crop news in circulation, but nothing that was really new, and hesitation was as marked on the part of the built continues that it was on the part of the more bearishly inclined. The afternoon phases of the market dad all the waiting characteristics, and was entirely local. Commission-houses had all the waiting characteristics, and was entirely local. Commission-houses and practically no orders from the country at large. Representatives of foreign houses were equally without trading basis.

for the Legislative Primary, I find it
will be impossible for me to make the
make. I have, therefore, adopted this
means of advising you that I am a canildate for the House of Delegates, and
sak your active support from now till the
election and your vote on that day.

My experience as a practicing lawyer,
any acquantance with the needs of the
community, and my services to the party
mould in me to some extent to represent you in the Legislature.

If elected, I shall exect every effort to
commote the interests of all the people,
and in all important measures shall be
guided by the wishes of my constituents
to far as they may come to my knowlday.

SICK HEADACHE CURED

al its return prevented by using Dr.

David's Liver Pills. They cure constipa-tion, fullounness, dyspepsia and all stom-ach and liver troubles. All the above dis-cuses are symptoms of a disorded liver, which, if properly treated with Dr. Da-vid's Liver Pills, will be brought to per-form its proper functions in an easy and healthful way, and thus make the pa-tient strong and healthy.

Don't waste time trying temporary pal-latives, but take at once Dr. David's Liver Pills, that operate directly on the liver without any harmful results.

Children as well as grown people can take Dr. David's Liver Pills with equal benefit.

Dr. David's Liver Pills, taken by direc-Dr. David a Liver Pile, taken by direc-tions, will cure dyspensia, causing the food to properly digest and assimilate. They act pleasant, are harmless and very effective. Price, 25 cents a box 25 pills.

WEATHER AND CROPS.

Complaint of Drought From Many Sec tions on Corn and Cotton. WASHINGTON, July 18.-The follows

The reports respecting spring wheat rom the Dakotas are generally favorable, and while most of the crop in Minnesota ontinues promising, rust and lodging are screening.

coreasing.
Out harvest is well advanced in the tentral Valleys and Middle Atlantic tales, and in the more northerly sections the general conditions of the crop tentral proposition. Name builting, however, is

Insects. The crop in these districts is, however, well cultivated, a considerable portion being laid by. In Missouri, Ar. kansus, Oklahoma and Texas—except in the recently flooded region—and portions of Mississippi cotton has done well and its condition generally is improved. In Texas the crop is growing nicely, and, as a rule, is fruiting heavily, In Southwestern Texas early cotton is opening and some has been picked.

Owing to continuation of drought in Tennessee, the outlook for the short acreage of tobacco in that State is very promising. In Kentucky the crop, previously reported as in an unfavorable condition, has been greatly improved by recent rains. Cutting and curing continue in the Carolinas under very favorable weather conditions. In Ohio the crop is uneven, but in Indiana and in the Middle Atlantic States and in the New singland States tobacco is in excellent condition, a considerable acrage in Virginia being in "top."

Some plowing for fall seeding has been to be supposed to the condition of the co

Some plowing for fall seeding has been

WEEKLY CROP BULLETIN. Drought Broken Up by Well-Distri-

buted Showers. The following is the crop report for the week ending July 17th, as prepared by Section Director E. A. Evans, of the Climate and Crop Service: Generally dry and warm weather pre-

vailed over the State throughout the week, the resulting droughty conditions being relieved only by the occurrence of local showers until Saturday, when rain fell over considerable areas of the interior northern counties. Well-distributed local showers also occurred on Sunday in the porthern half of the State. Crops are advancing towards maturity favor-ably on the whole, but in all sections where rainfall has been deficient they are

The dry weather

naturally backward.

for a corn crop is not very bright, it being hadly worked and the nights too cool for a rapid growth; all trucks and melons damaged by dry weather. Indika, Isle of Wight-Coplous showers during the past week have benefited all

crops; corn crop will be the lightest for several years; much complaint of water-melon vines drying; peanuts small, but generally clean of grass;
Drewryville, Southampton-We had good rains last Saturday night, but it is getting quite dry again; crops are not suffering; corn tasseling and making; needs rain; cotton and fruits are doing well and clear of grass; prospects are good for a crop; sweet potatoes are early and as promising as ever seen.

Middle Virginia: Susalsh Oaks, Appo-

Middle Virginia: Spanish Oaks, Appo-mattox—Wheat threshing in progress; yield poor in most places; oats being har-vested; crop poorer than for years; tosacco and corn rather below the average

proved since last rain.

Buckingham, Buckingham-Crops need rain very much; farmers busy threshing

ant places caused by worms; wheat good n quality; hay being saved in nice could-

up to expectation; wheat about hair a crop; peaches and apples falling off.

Tan Yard, Henry-Corn and tobacco doing well; chinch bugs doing damage; wheat crop short; potatoes will be short; oats a failure; pastures drying up.

Big Island, Bedford-Gardens and pastures suffering from drought; oat crop short; some chinch bugs.

Crewe, Nottoway-Tobacco and corn growing fast; spring oats very much im-

growing fast; spring oats very much im-proved; crop very good though ripening very irregularly. Sumyside, Cumberland-Crops suffering

badly from drought; pastures afford little food for stock; the crisis for crops is on. Gaines Cross Roads, Rappahannock→ Wheat all in stack; local showers gave some relief to corn and pastures; hay a poor crop; gardens doing fairly well, es-pecially cabbages.

pecially cabbages.

The Great Valley: Tenth Legion.Rock-ingham—Rain needed; cannot plow; pastures failing; white potatoes being dug; corn coming in tassel; apples continue to drop; other fruits very scarce; gardens drying up; tomatoes a short crop. Corinth, Wythe-Wheat all put away; hay a fine crop; saved in good condition,

the Tidewater section, affecting corn, pea- | corn doing well and most of it promising, Oldtown, Grayson-Good weather for wheat stacking and fine for haying; corn gardens and pastures suffering from

Castlewood, Russell-Fine week for cutting oats and putting up hay; corn looks pretty well; some late-sown spring oats spoiled by rust; cutting about done. Mount Jackson, Shenandoah-Wheat threshing well on; quality good; vegeta-bles suffering from drought; early pota-

bles suffering.
toes a short crop.
Ceres, Bland-Favorable weather; corn
growing finely; oats better than usual;
growing and wheat
wheat all cut; baymaking and wheat

being threshed; yield very light; quality

still falling.
Wythe-Wheat about all stacked; crop light; outs ripening and very fine; corn looks very well, but needs rain; grass fine; potatoes very good; stock doing well; fruit crop light. seding rain badly; vegetables scarce and

HEAVY SALES OF IRON.

Great Demand May Again Cause a Raise in Price.

CLEVELAND, O., July W .- There is a very heavy business being done just now in iron for the first six months of 1909.

for No. 1 foundry and M. for No. 2 foundry. The other grades are bringing the same price as they have been. For immediate shipment there are prac-tically no fixed prices. The front to be secured for this business is being sold at prices that suit the seller. The quoat prices that shift the scient. The distallors are about the same as the prices for which the contracts are being made out, but these are purely nominal. The real prices being paid are upward of \$30 in most cases. Iron ore is in great demand and the shipment continues large. All of the boats that can be secured are oing turned into the trade, hence the

thipment is excessive.

Within the last few days a good many boats have been chartered for Duluth for \$1, but these are the exception rather than the rule, as 90 cents is the accepted price in all quarters. The prospects for another advance, however, are good. The reports are coming in from all parts of the State, that the factories are running short of iron. The report is that a good many of them, having been unable to secure iron, have shut down for the summer.—Philadelphia Press.

Heavy Target Practice.

WASHINGTON, July 18.—Instructions for target practice with batteries of heavy arrillery were issued yesterday by the War Department. The order prescribes the following allowance of ammunition; Four-inch rapid-firing gun, five rounds; 47 both five rounds. 4.7 inch, five rounds; 6-inch, five rounds; tion, and of good quality.

Vienna, Fairfax—Wheat all in stack; some threshed; yield poor; spring oats rather short; potatoes being dux; yield light; hay crop light; corn generally iald by in fair condition.

Stockton, Henry—Corn and tobacco, where well worked, looking well; great complaint of chinch bugs; spring oats not up to expectation; wheat about half a crop; peaches and apples falling off.

be furnished will be 200 and 300-pounder shot and shell, with initial velocities as follows: 8-inch, 1,60 feet per second; 10-inch, 1,622 feet per second.

On account of the small charges and consequent low velocities it is ordered that all oil be removed from the recoil cylinders of the disappearing carriages, in order that the guns shall recoil to a suitable loading position. The oil should then be replaced in sufficient quantity to agree with the proper counter weight. agree with the proper counter weight,

Rockefeller's Monster Park.

MALONE, N. Y., July 18.—The Rocke-feller purchase of more than 59,000 acres in townships 16 and 17 in the town of

in townships 16 and Ir in the town of Santa Clara, was made as a private park, and the necessary notices of the same are now published Since then a later purchase has been made known as the Kingley tract, of 12,-000 acres, which include Debar Mountain and part of Esst Sable Mountain, located to the town of Punc. This transition in the town of Duane. This tract is heavwas not purchased with any intention of making it a private preserve, but as a purely business transaction, for the lum-ber'it will yield.
